Subject: enforcement actions

Ron,

We're meeting with HQ on Jan 20 and I'm anticipating that they will ask about what actions PA has taken. I have some information from news articles, and have the Cabot order, but am thinking what I have doesn't provide the full picture. Is there someone at PADEP willing to either PDF the actions and email them to me or Bob Campbell, or send a summary list (date, town, company, violation type, penalty, relief) of actions? Don't mind going with what I know of but am thinking you all have more going on and would want what we tell HQ to reflect it.

Thanks for the rad data, will stay in touch regarding split samples.

Angela
